

### **Author Bio Information:**

Andi Lawrencovna is a fantasy and science fiction writer from Ohio. Her most recent books, A Charming Series, the first in her Never Lands Saga, is a re-envisioning of Cinderella with a darker twist. Andi works closely with WriteNow Publishing though maintains her independent authorship. She currently has three novels and two short story to her name, and her next novel, So Sweet, will be out later this year. So Sweet is a tale as old as time, whose characters are as equally ancient and waiting to be released. Happily-Ever-After's have never been bleaker, though Andi promises there's always hope for rainbows and unicorns in The Never Lands.

Andi currently resides in Northeast Ohio with her dog and an imagination that has gotten her into more trouble than not. Her education includes a BA in English from Denison University and an MFA in Creative Writing from Pine Manor College. She works as a legal secretary during the day and removes her glasses at night...wrong genre. ## FAIRY TALES REVISITED:

**Cinderella: Charming – The Complete Crown and Daggers Series**

ISBN: 978-1719587624

[hyperurl.co/CharmingCmptSrs](http://hyperurl.co/CharmingCmptSrs)

- **Book 1: Charming**

ISBN-13: 978-1511715430

[hyperurl.co/Charmingbk1](http://hyperurl.co/Charmingbk1)

Once upon a time, or so the story goes, there was a prince who threw a ball to find a wife.

He was a young prince, by his peoples' standards, and though he had no wish for a bride, he was honor bound to make the attempt to find one. Of course, Prince Kit knew that it was not just honor that bound him to the duty. Prophesied or cursed, who could say, but since he was a babe assassins and soldiers had come for him in the dead of night, in the middle of court, amidst the steps of a waltz, to end his life and with it end the lives of his people, the land he was meant to rule. A heavy burden for a young man to bear, worse for a prince kept cloistered for his own good.

But a wife, well, a wife would provide an heir, and perhaps prevent his peoples' doom if he died too young, and so he danced with maiden after maiden, ball after ball, until he danced with her.

She came from out of the Darkness, a vision in a black dress and glass slippers, to join the throng for the prince's celebration. The first night she hid a small vial filled with arsenic in the folds of her gown but it was knocked from her hand before she could upend it into his glass of champagne. The second night she brought a stiletto hilted in her garter that she never thought to draw and returned to her rooms un-blooded. The third night Eli ran from him, found her horse and fled back to the forest she came from, desperate to escape his charming smile and the emotions she refused to acknowledge in his gaze that seethed in her heart too.

He gave chase, and what is an assassin meant to do when her prey hunts her down?

One waltz at a ball. One trip of a slipper. One Prince. And one Assassin.

Charming...simply, Charming.

There was a time, before Prince Christophe was born, when the worst fate his people had to worry about was war with their troll neighbors or an invasion from elfin forces beyond the woods. But that was before he was born and was cursed.

*If he dies, so to do his people.*

Such a simple phrase, so oblique, and yet Kit has lived his life in fear of the prophecy, searching every shadow for assassins come to get him.

Until she came and took up arms in his defense.

Warrior and witch. Assassin and priest. She was his teacher and his protector. His friend. The only woman ever to run from him at the end of a ball, and the only woman he ever asked to stay.

But Eli is an outsider in the human world, and trusted only so far, even by the man who desires more from her than her skill with a blade. The longer she remains with him, the more she falls for her prince in a world where her prince's life is the fate of his lands.

As the time of the prophecy draws near, Eli and Kit will face more than dwarves and shadows to find solace with each other and salvation for their people.

Sometimes the one most suited to protect you is the one who holds the sharpest blade.

And there is no sharper sword than: The Captain.

Reports of a mercenary army have begun to spread throughout the land. Soldiers have been called to prepare for war and captains have been summoned to lead armies. Spies have been sent forth to gather information. Assassins have been requisitioned to hunt out those meant to die.

And deep within the woods, the prince and his men prepare for battle amidst the increasing number of traitors and worse stalking the trees.

How long can you hide before your enemies find you? How long can you lie before the truth sets you free? And who will find you when the smoke clears and you're safe again?

How much can you endure before you can't bear the burden of prophecy anymore?

Once upon a time...

[hyperurl.co/SoSweet](http://hyperurl.co/SoSweet)

There once was a castle in the woods, claimed by a terrible Beast...

I was a simple girl, living a simple life of cloths and needles, never seeking adventure, glad to dress those who did. But the world is full of magic, and spells never let rest those caught in their thorns.

A rose by any other name...

The tattoo on my hand was dying, the petals falling faster and faster. All because of the curse within the trees, and those held in its thrall threatening to break free.

What would you give up to save those you love most? What would you risk facing in the Darkness of the Woods?

My name is Amarice. And this is my Tale...

For nearly a thousand years the Goddess has protected and safeguarded the peoples of Mrg. Where sand storms and droughts have ruled their desert country, She provided water and green grass, land ripe for planting, nourishing the men and women who called Her theirs.

But at what cost?

Lorul Shrukabra, the heir to the lost Kingdom of Shado, never thought to see the day he was crowned king. His father was a stout man, never sick or cowed. The kingdom relied on Gnielx's strength to lead them. Yet the Fear comes out of nowhere, and when it strikes, there is no salvation from it.

Fathers will fall, and sons will rise, but what is the saying about the grass and the other side? It is a lie.

My name was Lorul,  
and Once, I was King...

A prince set to rule, never before given the chance. A secret left unspoken until it is too late to try and change the truth. And a Goddess coming to collect payment for a blessing that may well be better called a curse.

*If you guess my name, I'll set you free, but if you fail, your life will belong to me forever.*

In the NeverLands, firstborn children and goblin deals are not always what they seem...

In the Never Lands, Birthday Celebrations tend to be a little more festive than in other worlds. No silly little parties with only family and friends, but rather grand balls with princes and princesses and assassins, oh my.

But what's a ball without some intrigue?

Have a Happy Birthday with Prince Christophe as he celebrates in:

The First Ball.

Fairy Tales just got a little bit darker.

There is an ancient story, of a sorceress who lived deep within the waters of an enchanted lake and guarded with her presence a sword which Destiny had decreed would be used for the salvation of mankind, or for its downfall.

But the sword did not always live in the Waters...

And before it was struck in stone to await its fated bearer, the sorceress and her prince imbued the blade with its magic and its fortitude.

In the kingdom of Gouldaria, those without magic are the lowest of casts one can fall in, unless you are a Soul Eater, and then you are worse by far.

Valislava never used her magic to steal a soul. She has kept herself hidden, allowed herself to be shunned, lived in exile, all but for the love of the one man who she couldn't have.

Prince Talyessin always knew who and what his Isla was, and he loved her still. But love was a meaningless thing when war threatened to tear them apart.

Some loves are star-crossed, and some are set in Stone...

Sometimes it takes a criminal to save a life.

Eskild Fontaein should never have returned to his hometown. He could have stayed in the city where he was respected and admired, but no, he'd wanted to come home.

And as the newly appointed town magistrate, the only way to be taken seriously was to be feared. Hanging a thief should fit the bill.

He hadn't wanted to do it. Wished he'd found another way.

Sometimes, wishes do come true.

Jaias Alvaldene, scourge of Undcrest, madwoman, villain, thief, is dead.

Well, not quite. It helps to have friends in high places, namely on the steps of the gallows when one's about to be hung from a rope.

She would have stayed dead too, if not for the town Magistrate who seemed so forlorn at her demise.

What's a good thief to do when a magistrate comes crying?

When a young girl is stolen by a hoard of cannibals, there's only one person to ask for aid in rescuing her.

Once a Thief, Always a thief...

Can Eskild convince Jaias to help him find the child before it's too late? Or will he lose everything to his Thief in the Night?

\*Originally published as part of the **Between the Tides Anthology**

ISBN: 978-1547132232

[hyperurl.co/TheRiverSiren](http://hyperurl.co/TheRiverSiren)

Not all sirens are made from thingamabobs and dreams of the sand, some live deep beneath the waters where men should fear to tread.

There are stories of myths and legends that you have never heard before.

Stories of creatures born at the beginning of time, seeking life beyond the oceans that birthed it, not knowing what it will find on shore when it emerges to the world of land-walkers, or what those land walkers will do at its emergence.

Stories of a quiet lake, a haven in the middle of the woods, where the darkest of creatures lies in wait for the careless to approach.

Stories from the heart of the Amazon, where the river runs fastest and the tribesman remember the myths their families were built upon, where a siren lives waiting for her song to be heard, waiting to tempt the unwary to her side, never to return them again. She's been waiting for ages, snaring the undeserving in her spell, or is it that she's been taking only the worthy, hunting down the wicked with the help of the men she chooses to be her followers?

They've all been waiting for their stories to be told, to tempt, to betray...

Are you brave enough to step foot into the waves and see where the shores will take you?

Be warned, not all myths and legends end happily-ever-after.

Some stories will pull you under and never let you go.

Some stories should never end, and some stories have beginnings you've never heard before. In the NeverLands, Fairy Tales aren't quite like you remember, and these stories are only the beginnings...

#### Promised the Night

Before she was the Queen of Assassins, Ella was an elf searching for her place amongst her people. Called die Aren, Little Fox, she was sent on a mission to far off lands full of demons who live in the flames, eating the Shadows of her power. But that power is great, and the demons who would subdue her will learn the strength living in the Dark.

#### Ella's First Ball

For immortal races, one hundred years is not long at all. One hundred balls, on the other hand, is something entirely different, having to dance and smile and pretend to enjoy the charade year after year.

But this is the Elichisolos' first ball, and she has never met the prince of the palace before and knows only the prize of his death that she is determined to claim for herself.

Except the prince isn't what she expected, and an assassin who can't make the kill must find her way to the dance instead.

#### In the Still of the Night

After a year of believing the love of his life was dead, Kit finally learns her fate is more than he could ever have dreamed of, but his fate is not something he would wish on anyone to have to live with. Crushed by the

weight of what he suffered at his uncle's hands, Kit cannot find his way to believing his chance at happiness can still be possible, until a breath of a kiss made *In the Still of the Night*.

## BREATH OF FYRE SERIES:

- **Book 1: The Dragon's Sacrifice**

\*originally released as part of the *Stoking the Flames* anthology

ISBN-13: 978-1547130078

[hyperurl.co/DragonSacrifice](http://hyperurl.co/DragonSacrifice)

When the world was still a new and wondrous place, there came from out a crack in the ground a creature born of fire and air to spy upon all that was green and good.

He wandered far from his land of molten pitch and burning embers until he came to a place filled with soft grasses and tall trees, lakes as clear as crystal, and a creature as different as she could be.

He watched her, and he wanted her, and before long, he took her as his own.

But sometimes, it's not the sacrifice who is snared in his trap, but the dragon himself who falls under her spell.

- **Book 2: The Dragon's Storm**

\*originally released as part of the *Stoking the Flames II* anthology

ISBN-13: 978-1720728382

[hyperurl.co/DragonsStorm](http://hyperurl.co/DragonsStorm)

Are you brave enough to dare the Dragon's Storm?

Long, long ago, long before man learned to worship gods or fear the power of the unknown, there were dragons to bow before.

Dragons who ruled the world.

Who could bury it beneath a flood of rain born from the drop of a tear or crack the earth asunder with a step upon its sands.

But that was long ago, before the beast was trapped beneath the seas for his impertinence of befriending the woman whose power called to his own, before her descendant stood upon the shoreline and begged the sleeping giant to save the world that had relegated him to myth and legend.

Havence Ilvanysto had always been taught to fear the dragon. That he would destroy everything she held dear if he was released from his watery prison, but her world was ending, and he was the only hope she had.

Ouros swore vengeance against the witch who he thinks imprisoned him and all who came after her. He didn't care what her reasoning was, so long as her line suffered as he had been forced to suffer for centuries uncounted.

But how can he keep to his vow when the only one brave enough to stand with him in the eye of the storm, is the one he's sworn vengeance against?
